NEW HIGH RECORDS ON STOCK EXCHANGE

Kelly-Springfield and Stewart-Warner Advance Sharply.

New York, Sept. 5.—Rejoicing over the settlement of the railroad labor troubles, Wall Street today established several ew high records and continued the up-ard movement with enthusiasm that ut nearly a million shares across the As was to be expected, the inustrials were most popular. But the allroads were strong, considering the ircumstances. The buoyant feeling last-id to the close of the day and high prices re made in most stocks in the last few

inutes of trading.
It begins to look like the millennium wring for the financial and industrial ord, even though the railroads' day coming to an end. Bankers are urging lients to let railroad stocks alone, unset they want to treat them as one would reat bonds. The speculation has all one from them. Some believe they will again lead the stock market, but ever is a long while, and that may lean as much as a month, or maybe two onths. So the industrials have the nter of the field for several weeks at

Kelly-Springfield made a new high rec-rd as the result of a deal that is in rogress, the details of which are not eady for publication. The deal will be ery advantageous for Kelly-Springfield tockholders. Stewart-Warner stock ad-anced sharply again because of the trendous earnings.

war orders made a strong market for merican Can, Crucible and Swift Pack-ig Company stock. Crucible got another 1,000,000 order for shells. The Swift stock said to be in for a special dividend.
U. S. Steel sold at 39. This does not unt the dividend of 2:4 per cent taken a last week. Steel is now selling at a hat it will earn this year. It will earn s much next year, if the war lasts, and much the year after if peace is still

Wheat closed today with options from 3-8 to 61-4 cents a bushel higher, and ith corn from 11-4 to 21-2 up. Oats were bout a cent a bushel higher. Cotton

The Safest Investments

Are these that do not fluctuate during dis-turbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments, and do not depend upon the financial responsibility of individuals or corporations for their stability. We can supply such investments in amounts from \$500 upward. Bend for booklet, "Concerning Loans and Investments."

The Washington Gas Light Company,

during the six months ended with July,
earned a net of \$416,000, after deducting taxes and fixed charges—the largest net in the history of the company for a six months' period.

At this rate the net earnings for the year 1916, would be \$832,000. The payment of the \$4.80 quarterly dividends on each share of the capital stock would require only \$624,000.

During the six months 1,300 new customers were obtained, and there was a big increase in the sales of gas stoves and appliances.

The cut in the price of gas ordered by Congress will become effective October 1, and will decrease to a considerable except the net earnings, but President Recsiste has announced it is extremely unlikely that any decrease in dividends will likely that any decrease in dividends will follow.

CHICAGO GRAIN MARKET.

Chicago, Sept. 5.—There is still a good-sized open interest in September wheat in the Chicago market. The shorts in that month face heavy losses. They anxiously bid up the price 6½ over the close of Friday, but were unable to secure enough of this fifture to even up their position and they refrained from urging the buying in the hope there would be a decline in values tomorrow. There is nothing, however, in the situation to encourage those who have stubbornly remained short and the only possible help at the moment would be a

at a net decline of 5 a5% points. Spot here was quiet and 35 points lower at 15.95 cents; the sales were 100 bales.

The spot article at New Orleans was firm at 15.95 cents for middling; the sales were 3.785 bales. Port receipts for the day were 41.837 bales, compared with 29,333 bales a year ago. New York warehouse stocks are 42,300 bales, contrasted with 180,942 bales last year. Exports for the day wers 1.642 bales, including 1,322 bales to Great Britain and 350 bales to the Continent. Clearances for the season aggregate 422,600 bales, compared with 185,561 bales for the corresponding period last season.
